SELECTMEN'S REPORT

1. In March 1949 Edgar Thibodeau was appointed Road Agent and given complete responsibility of caring for all town roads under the supervision of the Board of Selectmen. The Board feels that this system is a decided improvement over the old method.

2. New copper water pipes have been installed throughout the Town Hall and a new entrance water line has been installed by the Water Company.

3. A Zoning committee consisting of Carol S. Hall, Chairman, Chester Davis, Jesse Metcalfe, Harry Greenleaf, Mrs. Augusta Bean, Secretary, was appointed and is working on recommendations to be presented to the voters.

4. The Road to Naticook Lake has been added to the Town Road System.

5. New Street lights were installed during 1949 as follows: Two in Thornton's Ferry, two in South Merrimack. Sodium lights have been installed on U. S. Route 3 at the Library corner and at the bridge corner by International Shoe for traffic safety measures. The cost of the sodium light at the Library corner is being charged to the Police Department appropriation.

6. The Herzog property near the Bedford line which has been carried on the Town books for many years was sold for \$200.00 to Mrs. Rhoda deNicola.

7. Tinker Road and Wilson Hill Road to Amherst have been given a six inch covering of gravel with Town Road Aid Funds from the state. It is planned to surface treat these two roads next year.

8. The main sewer line in Merrimack village from the Trading Post to the bridge was relocated and an eight inch pipe installed. This installation was made upon the request of the State Board of Health.

Respectfully submitted,

EDWARD J. HASELTINE
PERLEY J. GREELEY
BERT L. PEASLEE

MERRIMACK FIRE DEPARTMENT

FIRE ALARM:

| | |
|---------------|--------------------------------|
| | International Shoe Co. Whistle |
| 2-2-2 | Reed's Ferry Village |
| 3-3-3 | Merrimack Village |
| 4-4-4 | Thornton's Ferry Village |
| 5-5-5 | South Merrimack Village |
| 6-6-6 | Christian Hill Section |
| 1-2, 1-2, 1-2 | Seaverns Bridge Section |

At the present time the department is working with a representative of the N. H. Board of Underwriters on an overall plan for the prevention of fires and extinguishment of same for the entire town. Their recommendations will be received soon after completion of their tests with the town's pumping equipment.

The fire company will recognize emergency calls for immediate mobilization of man power by sounding the Merrimack Village alarm, which is 3 short blasts given in three periods by the whistle.
Fixed Expenses of the Department:

| | |
|---|-----------|
| Hydrant rental, Merrimack Village | \$ 290.00 |
| Heat and light at Stations | 223.26 |
| Telephone | 66.15 |
| Firemen's Retirement Insurance Personal Liability | 108.00 |
| Liability insurance personnel | |
| Liability insurance equipment | 301.80 |

The remainder of our budget is spent on maintenance of equipment, new equipment and duty payroll.

This past year 170½ man hours were spent on reclaiming by repair hose and testing all hose to 200 lbs. pressure. This has salvaged over 750 feet of hose that costs \$1.55 per foot, when it is purchased.

| | |
|--|------------|
| Man hours expended on hose | 170½ hours |
| Man hours expended on house fires | 164 hours |
| Man hours expended on drills | 82 hours |
| Man hours expended on burning cemeteries | 64 hours |
| Man hours expended on town dump fires | 8 hours |

We are your servants and appreciate every courteous act and assistance extended the company.

May we suggest, in case of fire, call the fire department; after that do everything possible you can to put the fire out.

When the department arrives tell them where water is available, where the main switch is located, where the oil tank is placed. Tell them where the stairs are, hallways and passageways and any other information that will give them working knowledge as to construction of the building.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Merrimack School Board:

I herewith submit my first brief report on your school system.

The crisis in public education has been receiving nation-wide publicity. This crisis is upon us because of a rapidly increasing birth rate, a reluctance to raise teachers' salaries in line with wages in industry, the inability to construct needed new buildings during and immediately following the war and building booms in towns near larger cities.

In surveying your own system to see how well it is equipped to meet this crisis, one can't help from feeling considerable alarm. All available class room space is now not only overtaxed but actually overflowing. This year grades one to five have been very comfortably taken care of. The Town Hall provided a place for the sixth grade and would have been adequate for a small number of pupils but several sixth graders have moved into town causing a serious over-crowding of the room.

The conditions under which grades seven to twelve are working is anything but good. Whereas such a condition might be tolerated for a year, it could not be allowed to continue for an indefinite period without causing serious educational lack to the youngsters involved. Every possible effort should be made to reconcile the differences of opinion that exist in the town so that more adequate facilities can be provided.

On the brighter side the South Merrimack school continues to adequately serve the elementary children of that section of the district.

The teachers in your system deserve a well earned word of commendation for their faithfulness under very trying conditions. This is especially true of the teachers in grades six to twelve but there is also some overcrowding in the lower grades. In spite of the difficulties encountered I have seen many examples of excellent teaching this past half year. Their spirit of cheerfulness and determination to do a good job in face of all obstacles has been truly amazing.

In conclusion, I should like to thank the School Board for the fine cooperation shown me thus far. No time or effort has been spared in trying to arrive at a happy conclusion to the many problems facing the Board in its attempt to provide a good education to the Merrimack children. It is a real inspiration to work with a School Board and teachers who seem to have the best interests of the children at heart and are willing to give these interests a first place in their thinking.

STATE CHILD HEALTH AND IMMUNIZATION CLINIC

The second Annual Child Health and Immunization Clinic was held at the village church under the direction of the State Department of Health, and with the cooperation of members of the South Village Club, on May 5, 1949.

Each child was weighed and measured, and history taken.

Dr. John Quigley examined twelve children, giving six a booster injection of toxoid for the prevention of diphtheria, and four small-pox vaccinations.

Carioused teeth, and enlarged tonsils were the only defects found in the group examined.

Mrs. Phyllis Kempton, chairman of the local Health committee, was ably assisted by Mrs. Eva Dean, Mrs. Isabelle Hoyt, Mrs. Iris Woodward, Mrs. Rena Moore and Mrs. Lea Hutchins.

Each child was visited after the clinic to interpret the doctor's findings to the mother, and assist in having corrective care—that the child may enter school in good physical condition.

Mrs. Virginia Putnam served iced coffee and home-made cookies to the group, at the end of the examination.

STATE CHILD HEALTH AND IMMUNIZATION CLINIC

The annual Child Health Examination and Immunization clinic was held in Merrimack Town Hall on the morning of October 20, 1949.

Dr. Joseph Eaton of Manchester and Dr. Otto Goldkamp of Amherst examined thirty two children—of whom fifteen were found to have some physical defect. Each child was weighed and measured and history taken.

Fourteen children were given vaccination against small pox and twenty one received a three-in-one booster dose of serum to aid in the prevention of diphtheria, whooping cough and lockjaw (tetanus).

Elizabeth Getz, R. N., and Clare Hamilton, R. N., assisted the doctors with their examinations and Mrs. Evonne Greeley, Mrs. Gertrude Cogger, Mrs. Ruth King and Mrs. Glenna Reed assisted in running the clinic.

A discussion regarding the health aspects and nutritional needs of her individual child was held with each parent in the examination room.

Mrs. Libby O'Gara was on hand to furnish transportation for those needing it.

The State Clinic has been an annual institution in Merrimack since 1925.

The four winners of the annual Prize Speaking Contest were Constance Bruce, Donna Penrod, William Penrod and Lois Sloan. These four with Beverly Bullard and Virginia Pynenburg spoke in the University of New Hampshire Contest.

In the "I Speak for Democracy" radio contest, Donna Penrod won both the Nashua area contest and the state contest. The results of the national contest have not yet been made known.

Virginia Pynenburg was chosen for the Good Citizen Contest sponsored by the D. A. R.

Many of the pupils are busy preparing for the annual Senior play which will be presented the last of March.

Again this year we wish to thank the people for the fine support of the school's activities but we do wish that more of the parents would visit the school and meet the faculty. During National Education Week typed invitations were sent home by the pupils and we were sorry that so few parents were able to accept the invitation.

Respectfully submitted,

EDMOND J. HOULE,

Headmaster.

FOREST FIRES — OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public — YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

Number of Fires, 13.
Acreage Burned, 9 7/8.

F. L. HASELTINE,
Forest Fire Warden.

GUY O. HOLLIS,
District Chief.
